

HIGHGATE SYNAGOGUE STOP PRESS!

BUILDING PROJECT RECEIVES GREEN LIGHT! PROJECT START DATE: **NOVEMBER 2ND**

We are delighted to inform you that the United Synagogue have given the rebuilding project its final sign off and the Board of Management has also given the project its blessing. Project kick off is November 2nd and we will be in our wonderful new Synagogue for Rosh Hashanah 2016.

There will be a full update to the Community on Yom Kippur, shortly before Yizkor. This will include details about the arrangements for our year off-site.

This is a once in a life time project and we are so grateful to all of our wonderful donors for their incredible support and to everyone who has helped get us to this stage. Our Community will have an outstanding new building and Rabbi's cottage, which will meet our full range of Communal needs for this generation, the next generation and beyond.

We have raised an astonishing £1.7 million from within the Community. The United Synagogue is providing a package of financial support but there is still a shortfall of £300,000, which we need to raise from within the Community.

So, although we now have project sign off we need to plug this fundraising gap and need to ask those who haven't yet given to help push us over the line. Many donors have also increased their donations - if you've already pledged and are able to give a bit more, please do so.

There is a wide range of giving options, including spreading your giving over a 5 year period, so that, for example, a £1,500 pledge will cost you under £5 per week.

For more details contact Jonathan Middleburgh via the Shul office or speak to Clive, our Community Manager. Either email office@highgateshul.com or call on 020 8340 7655.
